

NORTHERN RIVERS WILDLIFE CARERS' 2020-2021 NWC GRANT

Thank you again for the grant for the water tank trailer to be used for spraying flying-foxes during heat events. We were also lucky enough to be granted additional money from Northern Rivers Community Foundation, and together with some extra funds from NRWC we upgraded and purchased a more robust fire tank trailer from the bushfire store.

The trailer is registered and ready to go.

Thankfully we did not have to use it over summer as we had no heat events.

We are going to get stickers for the sides of the tank with logos for NRWC, NWC and NRCF.

With thanks from the Northern Rivers Wildlife Carers Team
