

Kath Dalton

Hunter Wildlife Rescue

Thank you so much for providing me with this grant. We managed to find a wonderful company "Shed Quarters" to design and install the cage at our house. We added a shelf along the back of the long side for possum boxes and the finished cage is perfect.

The cage was installed late December 2021 and the shelf added a few weeks later.

"As volunteers, we do not usually have access to such amazing facilities as the enclosure that this grant has made possible for us. As a possum carer of over 15 years, this is fabulous asset for us to have and many possums and gliders will benefit from it in years to come."

Thank You NWC.
