

# NWC Wildlife Rehabilitation Grant Application Form

## Individual or Group 2022-2023

Please read the NWC Wildlife Rehabilitator Grant Guidelines, complete the details below and email to [grants@nwc.org.au](mailto:grants@nwc.org.au) between 17 June and 31 July, 2022. Close 5pm no exceptions

**(Remember to Save the file by a different name or your work might be lost)**

Name of wildlife rehabilitator (or Group) applying for the Grant:

Your name

Residential Address: or Group Address for Group Applications

Postcode:

Your Address

Postal Address (if different to above):

Postcode:

Your Postal address (if different)

Telephone: Home:

Work:

Mobile:

Email:

I am a member of the following NWC wildlife rehabilitation group or an independent general licensee licensed by the NSW Department of Planning and Environment (NSW National Parks & Wildlife Service)

Your group name

Number of years involved in Wildlife Rescue and Rehabilitation?

Have you previously received a grant from the NSW Wildlife Council?

If Yes what year?

### Section A (to be completed by all applicants)

**Endorsement by committee member of the wildlife group (not branch committee) that the wildlife rehabilitator belongs to, or NSW Wildlife Council for individual licence holders**

I have reviewed the information provided by the applicant and agree that this is a reasonable assessment and confirm that the applicant has the relevant training and skills to rehabilitate the species detailed in this application

Name	Position on Committee	Phone	Signed	Date

### Project Description

Provide a description of your project that addresses the following criteria.

- Need** - Why is there a need for the equipment or enclosure?
- Excellence** - How will it improve outcomes for wildlife in your area?
- Value for Money** – Include a budget detailing projected expenditure. Note: this information will also be used to determine if your grant is awarded as a lump sum or in 2 or more stages.

Please include at least one image to support your application. Images may include drawings of a proposed enclosure, photographs of an enclosure that is being replaced, extended, repaired or partially completed, pictures of equipment that demonstrates how it is used, how someone else has used it or similar. In addition you may also include photos of wildlife that the project aims to help. All images must be your own.

Your description and images may be published on the NWC website. Please sign below to indicate you understand and agree with your application and/or images being used for publicity or educational purposes on the NWC website

I understand that my Project Description and any images included with it may be published on the NWC website or might be provided to relevant government agencies or other animal welfare organisations to promote wildlife rehabilitation. I agree that all images are my own and do not contravene copyright or other laws.

Name: \_\_\_\_\_

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

This section has been intentionally left blank to allow for the project description to be included.

*Please provide a concise summary project description (recommended less than 50 words).*

*Please provide a more detailed project description*

## Complete one only of Section B or Section C

### Section B

#### Grants to assist in the purchase of materials to build an animal enclosure (cost of labour is excluded from on-site builds)

(Note: Successful applicants will be required to submit interim and final reports including photos of the completed project.)

Describe the animal enclosure that you wish to build

--

List the species that will be rehabilitated in the enclosure

--

Approximately how many animals per year will be rehabilitated in the enclosure?

Length of enclosure	Width of enclosure	Height of enclosure	Does the size of the enclosure meet or exceed the minimum standard as stated in the relevant OEH Code of Practice?

<https://www.environment.nsw.gov.au/topics/animals-and-plants/native-animals/rehabilitating-native-animals/wildlife-rehabilitation-licences>

Size of property that the enclosure will be built on?	Is the property freehold land owned by the carer?	Will animals be released back into the wild from the enclosure?

Expected start date of enclosure build	Expected end date of enclosure build	Total expected cost of <b>materials</b> to be purchased (not including labour or services)

For each type of material to be purchased, list the name, quantity and total price (or attach list/quotes)

Name of material	Quantity	Total price

### Section C

#### Grants to assist in the purchase of equipment

(Note: Successful applicants will be required to submit interim and/or final reports including photos of the completed project.)

Describe the equipment you wish to purchase

--

List the species that will be assisted by the use of the equipment

--

Approximately how many animals per year will be assisted by the use of the equipment?

--

Brand name of equipment	Model name of equipment	Purchase price of equipment	Expected date of purchase
