

Northern Tablelands Wildlife Carers – Maree Moran

Yard extension to improve safety for release of small rescued marsupials:

Thanks for the grant, The paddocks are up and running! The smaller one at my house currently has 4 eastern greys and a red -necked wallaby. The 10 acre paddock currently has 4 easterns and 2 red necks with 2 wallaroos coming next week!!!

And quite a few lined up in the near future. Thank you for the grant that increases release capabilities.
