

Alicia O'Brien

Northern Rivers Wildlife Carers

Thanks to the amazing humans at NWC I was able to purchase a very much needed ICU for my wildlife rehabbing. Spring/summer seasons are so busy for us trauma carers and thanks to this grant I have been able to rehabilitate over 36 animals in the last 5 months! 16 injured or orphaned flying foxes, 3 micro bats, 7 rainbow lorikeets, 3 tawny frogmouths, 2 coastal carpet pythons, 2 short eared brushie juveniles and 2 bearded dragons to be precise!

Without your generosity I would never in my wildest dreams been able to afford this ICU, let alone be able to take on so many of our vulnerable and injured animals. So thank you from the bottom of my very tired heart!

Yours with love compassion and kindness,

Alicia O'Brien
Northern Rivers Wildlife Carers.
