

Wildcare Queanbeyan

Sue Allen

General Representative / Committee member
Wildcare Queanbeyan Inc.

Dear NWC

We wanted to send you a photo of one of our pinkie macropods in our new Vetario Intensive Care Unit T50M that was purchased with the NWC Wildlife Rehabilitation Equipment and Enclosure Grant awarded to Wildcare Queanbeyan in 2024.

We were very grateful for the opportunity to purchase this life saving piece of equipment and it has been in much use since it arrived.

Thank you so much for assisting Wildcare.

Here are two photo's of just one of its lucky pinkie macropod inhabitants.
